- Analytical,
- Organized,
- Responsible.

Hobbies

- Reading,
- Listening to podcasts,
- Playing sports,
- Watching series.

PROFESSIONAL OBJECTIVE

Seeking a role that allows me to advance my technical skills and make a significant contribution to software development by driving innovative projects.

EXPERIENCE

BAINUB / March 2025 - Present

- Develop user interfaces (UI) and new functionalities using React, HTML/CSS/JS.
- Optimize the user experience and responsive design for the B2B web platform.

E-Software / June - December 2023

- Implemented improvements in the design and functionality of the application's frontend.
- Created and optimized queries to relational databases using SQL to ensure data integrity.

Proyectos

Altralum | May 2026 - Present

- Full Stack development of an industrial lighting e-commerce platform using Next.js.

FinanzasDMS | June 2026

- Personal Fintech web application for financial tracking and investments. Built the client dashboard using React and the Admin panel with Nest.js.
